FROM PLASTIC TO COLORFUL FABRIC

La collezione di notebook Oceano è una meravigliosa combinazione di innovazione tecnologica e consapevolezza ambientale. La plastica che inquina i nostri mari viene recuperata in un processo di upcycle fino a rivestire questo prodotto con un tessuto in poliesteri ecologico dai colori sobri fino ai più brillanti.

The Oceano notebook collection is an amazing combination of technological innovation and environmental awareness. The plastic that pollutes our oceans is recovered through an upcycle process and transformed into an eco-friendly polyester fabric cover, in a wide choice of colour variations.
